

Episode 1: The Scroll and the Prophecy

Craft: “Prophet’s Scroll” Craft

In this episode, Ella and Sam discover an ancient scroll that holds Isaiah’s prophecy about the coming Savior. To connect with the story, you can create your very own scroll just like the one they found. As you roll it up, think about how God told people about Jesus long before He was born!

Materials Needed:

- Brown paper bag or plain white paper
- Two pencils or straws
- String or ribbon
- Crayons or markers
- Tape or glue

Instructions:

1. Cut your paper to the size of a scroll.
2. On the paper, write or draw a message about hope, just like Isaiah's prophecy (parents can help preschoolers write, or they can draw stars and other simple images).
3. Tape or glue the ends of the paper to the pencils or straws to create the scroll rollers.
4. Roll up the paper and tie it with a ribbon or string to complete your scroll.
